
Simulator
Mass, amount_of_points
visual_simulation or survivor_fraction
visual_simulation
randomstart->gen0
Neutron and Uranium class to make gen1-gen7
in_object
True
False
scatterplot and lineplot in green
scatterplot and lineplot in red
survivor_fraction
for amount_of_points use Uranium to generate two new particles
in_object
True
False
in_volume+=1
out_volume+=1
calculate survivor fraction, percantage in and percentage out
